

BPW Estonia Tallinn Club Internal Fair
„How can we be more useful to each other?“
27. nov. 2004, Kodulinna house.

It was a fair where all BPW Tallinn Club members had a chance to get together and represent our companies and introduce the different industries we all work in. During the fair the estonian delegation had a chance to give the feedback about the “Across Cultures 2004” as a presentation and slideshow on the wall.

We gave the feedback about the parallels we saw comparing USA and Estonian companies, we gave the feedback about WBE business morning in Seattle where we had a chance to participate and experience very good entertainment about “How to make new connections” represented by WBE members - Ms. Mary Bigelow and Mrs. Ellen Langan. We gave a parallel how WBE does its morning breakfasts and Internal Fairs. Having connections - this is what helps people to do good business!

At the end of the presentation Sirje Küttis, the president of BPW Estonia, added: It is extremely important to be open and develop the connections abroad nowadays. Our organization internationally is offering these oportunities aswell, we have to be more active, people are waiting for us.

Thank You Christina for giving us the opportunity!

All the Best!

Katrin Sulg
